TWO CENTS

TO MARCH IN HAVANA.

New York Soldiers Will Parade Tomorrow.

GO TO PINAR DEL RIO PROVINCE.

Some Spanish Soldiers Went to San Jose Wharf to See the Americans—Exchanged Friendly Gestures—Gen. Davis Don't Expect to Disarm Cubans.

HAVANA, Dec. 10.—The first United States troops to march through the streets of Havana will be the Two Hundred and Second New York regiment, which, with band playing and colors flying, will march tomorrow from the San Jose wharf, after landing there from the transport Minnewaska, through the heart of Havana, to the Western railroad station. The line of march will be through the Prado and Central park. These troops will be sent to Pinar del Rio province.

General Davis, with the general headquarters staff and one battalion, will be at Pinar del Rio city, the regimental headquarters, and the Second battalion will be at Guanajay. The Third battalion will be stationed at Matanzas and the Higgins signal company will be quartered at the city of Pinar del Rio.

No objection has been made so far by General Castellanos to the march through the city.

It is intended that the first appearance of the United States troops in Havana shall have an impressive moral effect upon the Cubans. A number of Spanish soldiers gathered in the vicinity of San Jose wharf to get a look at their late adversaries. Friendly gestures were made on both sides. The Spaniards commented on the large size of the American men.

Until further notice General Davis will exercise the functions of military governor of the province of Pinar del Rio, now completely evacuated.

The correspondent of The Associated Press called the attention of General Davis to the fact that he would find Cuban troops occupying Pinar del Rio city and asked him what he should do.

"The authority of the United States must be recognized as paramount," he replied, "but I can see no reason why the Cuban troops may not remain organized as militia companies, though, naturally, when the necessity for their remaining in arms shall have passed, I suppose they will disband. I have no apprehension of trouble."

General Davis said he did not intend to disarm the Cubans or to interfere with them, unless that should be necessary to preserve order.

The United States evacuation commission has turned over to General Greene hundreds of applications for police appointments. General Greene will await the arrival of Mr. McCullagh, former New York chief of police, who is coming to consult regarding police reorganization before he takes any of the applications into consideration.

A committee of Cubans called on the commissioners to complain that Spanish officers were tearing miniature Cuban flags from the coat fronts. They were advised by the Americans not to wear these flags during the remainder of Spain's tenure of sovereignty, or if they preferred to wear them, to ask General Castellanos for protection.

PORTO RICO PEACEFUL

Some of the Bandits in Jail and May Be Executed—Vanderlip Made a Report.

WASHINGTON, Dec. 10.—Assistant Secretary Vanderlip, who is expected to arrive in the United States from Porto Rico next Monday, has made a preliminary and informal report to Secretary Gage of his observations in that island. Under date of the 27th ultimo he reports that the military authorities are getting along fairly well with customs collections. Everything received has been deposited with DeFord & Co., financial agents of the government, and the amount now on deposit aggregates more than \$100,000. Spanish custom officials have been put to work at the various ports, and this system works satisfactorily.

During the evacuation there were more or less disturbances of a rather personal and private character, but the situation here now, Mr. Vanderlip writes, is as peaceable as it is in the United States. The military authorities have been especially active in capturing some organized bands of bandits, and it is regarded as an especially good omen that the natives are rendering aid in ferreting out these people. A number of bandits are confined in prison and they will receive civil trial. Possibly some of these cases may result in the execution of the offenders, and, in fact, our military authorities are inclined to believe that if this sort of punishment is ordered at the opening trials little more of this kind of disturbance will occur in the island.

The American troops have, on the whole, been well behaved, and have, according to the testimony of commanding officers, given practically no trouble at all.

An endeavor has been made to put the Spanish officials, so far as could be

done, back into their places, and have the civil administration of affairs go on as nearly as possible in the routine.

The condition of affairs, it is stated, is worse than slavery at some of the plantations. The work was done by "peons," who received 55 pesetas per day, on an average, and were then subjected to the very worst type of "country store."

Those stores give short weights in everything sold. Among several hundred alleged pound packages of rice weighed by American officials there was not one which weighed over three-fourths of a pound. Our officers made the owners of the plantations show some sort of fair treatment to the "peons," refused the request for guards, and have heard nothing further about riots.

Soldier Died on a Transport.

MANILA, Dec. 10.—The United States transport Pennsylvania has arrived here from San Francisco. Private Fred Bencil of the Twentieth Kansas, died of typhoid fever on board the transport Indiana and was buried ashore.

BOOTH NOW GENERAL

Action Taken by Volunteers of America Grand Field Council—Uniform of Lady Members Chanced.

NEW YORK, Dec. 10.—The second annual meeting of the grand field council of the Volunteers of America finished its labors here.

There were 22 out of the 27 delegates from the different regimental councils present.

The rules of the organization have been changed, so that hereafter each post will have the right to send a lay delegate to this council, which will give the members of the organization direct voice in the affairs of the grand council.

The uniform of the women members has been ordered changed from cadet blue, now worn, to the cadet gray color. In warm weather a white waist will be worn with a gray skirt. To further distinguish the bonnet from that of the Salvation army it was decided to have a smaller bonnet and the top of it will be rolled backward.

Ballington Booth will be designated as "General" Booth. It was decided that this title was more in keeping with the military organization of the Volunteers than that of commander.

The report of the treasurer shows a cash balance of \$345.89.

SCHOFIELD AND MILES.

House Military Committee to Consult Them Regarding Bills to Reorganize and Increase the Army.

WASHINGTON, Dec. 10.—The house committee on military affairs began consideration of the important measures for the reorganization and increase of the army, to meet the conditions arising out of the war. Such progress was made that Chairman Hull said at the close of the meeting that he expected not only to report the bill to the house before the holidays, but also to pass it by that time. In order to expedite the work, daily meetings will be held, beginning next Monday. General Miles and General Schofield, the present and the late commanding officer of the army, will be invited to be present on Monday to offer suggestions and recommendations.

The bill immediately under consideration was the Hull bill, introduced by Chairman Hull and having the approval of Secretary Alger. The other army bill, drawn by General Miles, was not before the committee, so that no comparison of their provisions was attempted.

The Miles bill probably will be introduced into the house Monday and referred to the military committee, so as to be taken up when General Miles is heard.

The committee agreed to report favorably a resolution offered by Mr. Hay of Virginia asking the secretary of war as to what towns in Cuba, Porto Rico and the Philippine islands will require to be garrisoned by United States troops, the number required for each town and what number will be required within the United States proper.

Discussed by the Cabinet.

WASHINGTON, Dec. 10.—The discussion of the details of the administration of government affairs in Cuba, Porto Rico and the Philippines under the treaty of peace which is about to be signed in Paris occupied a large part of the time of the cabinet meeting.

Soldiers Died in Porto Rico.

WASHINGTON, Dec. 10.—Gen. Henry, commanding at San Juan de Porto Rico, has notified the war department of the following deaths from pernicious malaria: Private Patrick McDonald, Company K, Forty-seventh New York, and private William E. Connors, Eleventh infantry.

Fined for Embracing a Woman.

SAVANNAH, Dec. 10.—In the city court Judge Thomas M. Norwood fined Private J. E. Moore of Battery A, First Maine artillery, \$500 or six months on the chain gang for embracing the wife of a prominent county official on the street while the soldier was intoxicated.

Farewell Banquet to Curzon.

LONDON, Dec. 10.—At the Hotel Cecil a farewell banquet was tendered to a farewell banquet was tendered to Baron Curzon of Kedleston, the new viceroy of India, and Lady Curzon.

NATIVES SUBMISSIVE.

Dewey and Others Reported Better Spirit Among Them.

EXPECTED TO GIVE UP PRISONERS.

Consul Wildman May Make Representations—Some of Dewey's Ships Likely to Be Sent to Other Islands Than Luzon, to Secure Prisoners.

WASHINGTON, Dec. 10.—The navy department received a cablegram from Admiral Dewey summarizing the existing conditions at Manila and such points in the Philippines as have been visited by his officers. Advice also were received from General Otis, the commandant of the United States military forces in the islands, and they both go to show a notable improvement in conditions and the growth of a better spirit among those factions of the natives which promised to give trouble.

There are about 500 clerical prisoners and the government is confident that their captors will deliver them up on proper representations from General Otis and Admiral Dewey, made, possibly, through Consul Wildman. It may be necessary to call the navy into service in this matter, for the reason that some of the prisoners are held in captivity on other islands than Luzon, which can be reached best and most effectively by Admiral Dewey's ships.

Besides these clerical prisoners, the Americans themselves hold nearly 15,000 Spanish soldiers as prisoners, men captured at the fall of Manila.

SPAIN'S FINAL PROTEST.

Claimed She Was Forced to Accept the Treaty Terms—Also Howled About Maine Reference in Message.

PARIS, Dec. 10.—Senor Garnica of the Spanish commission asked why the Spaniards refused to grant the United States a coaling station in the Caroline islands, said:

"The Americans could hardly expect that we should agree to discuss matters outside of the protocol, after the lessons we have had from them on this point. When we wished to discuss the Cuban debt they absolutely refused to consider it and then they ask us for whatever they want. Vuile tonpet (what cheek)! Yet the Cuban debt remains an important question for settlement."

Senor Montero Rios presented a vigorously worded protest at the meeting Thursday, in which the Spaniards declared they had yielded to force, but that they invoked the conscience of the nations against the abuse of the rights of nations of which they were the victims. The protest was for the purpose of record, and consisted of an argument in support of every concession demanded by the Spaniards and which the Americans refused, some of them peremptorily and without an opportunity for discussion.

The protest concluded: "But these concessions which we were obliged to make touches us less than the insult which has been inflicted on our nation by President McKinley in his message. We again protest solemnly against the accusation hurled against us in connection with the Maine, and we intend to again submit the question to an international tribunal, comprised of England, France and Germany, to determine who shall bear the responsibility of the catastrophe."

In spite of the secrecy observed by the Americans, it is learned that the treaty consists of 13 or 14 articles. The principal articles provide for the cession and evacuation of Cuba, Porto Rico and the Philippine islands, and the political, administrative and financial results thereof; the acquisition by the United States of public property, and the relinquishment of archives. The articles of secondary importance determine the status of Spanish subjects remaining in the ceded territories; guarantees of the same terms to Spanish shipping and merchandise as imposed upon American shipping and merchandise in the Philippine islands, for ten years, and the giving the status of Spanish commerce in the West Indies to be settled later.

An important provision is the guarantee of religious freedom in the ceded territories, in the same terms as the Florida treaty, the Americans having steadily refused to incorporate any guarantee of the United States' determination to favor the property of the Catholic church, leaving it subject to the general laws on the same footing as private property.

TO BE NATURALIZED.

Wealthy Filipinos Call at State Department and Ask for First Citizenship Papers.

WASHINGTON, Dec. 10.—The brothers Cortez, wealthy Filipinos, who have just arrived in Washington from Manila, called at the state department and were received by Secretary Hay. The callers brought with them letters from Generals Merritt and Otis, Consul Wildman and other American officers

at Manila speaking in terms of high praise of the valuable services rendered the United States troops and navy by these men and telling of the heavy sacrifices made by them to assist our forces.

They seek, as a measure of recognition, the gift of American citizenship by special act in advance of other Filipinos.

WHEELER NOT DECIDED.

Denies That He Has Concluded to Resign From the House.

WASHINGTON, Dec. 10.—Major General Wheeler authorized the following statement as to reports that he had decided to resign from the house of representatives:

"I was surprised to see what purports to be an interview about my resigning from congress. I have never gone further than to say that I would consider the question when I had time and would take such action as my friends would approve. Thus far, however, I have reached no final conclusion."

NOT AFTER THE RAILROADS.

Federal Steel Company Decided For the Time Being Not to Take In C.

L. & W. and W. & L. E.

NEW YORK, Dec. 10.—In regard to the reports that the Federal Steel company is negotiating for the purchase of the Cleveland, Loraine and Wheeling and Lake Erie Railway companies, H. H. Foster, chairman of the board of directors of the Federal Steel company; ex-Governor Roswell P. Flower and a representative of President Gary of the steel company, announced that the company was not contemplating the purchase or control at present of any other company or corporation.

When the steel company was in process of organizing the advisability of taking in the two railroads mentioned were discussed, but they were subsequently left off the list, as were also other corporations which received more or less consideration, it being decided that the consolidation should include the Minneapolis Iron, the Illinois Steel, the Johnson Steel and the Elgin, Joliet and Eastern Railroad companies.

Since then it is declared the Federal company has given the subject of further absorptions no thought whatever, but has devoted its efforts to completing its own organization. It is not impossible that at some time in the future, that other companies, including railroad companies, may receive attention.

TO COMBINE FLOUR MILLS.

Proposed \$30,000,000 Trust to Control the Big Plants.

CLEVELAND, Dec. 10.—In an interview here Clement E. Stern of the Atlas Flour mills of Milwaukee stated that he expected the big flour combination would be in operation shortly. The combine will have a capitalization of \$30,000,000. A syndicate of English and American capitalists has been negotiating with the owners of the mills looking to the formation of a trust for some time past. Mr. Stern said that the Atlas Flour mills would be included in the new organization.

A cablegram has just been received, it is stated, from an agent of the proposed combine, who has been in London for some time arranging the deal, which says that all negotiations will be closed up within four weeks. "If flour goes up," says Mr. Stern, "it will not be the combination that is the cause of the advance. The combination will include practically all the spring wheat mills in the country."

SCHOONERS COVERED WITH ICE.

Few Reached Cleveland—One Frozen In Off Long Point.

CLEVELAND, Dec. 10.—Captain Little of the schooner Mont Blanc, which arrived here, reports sighting the schooner Ganges, owned by W. H. Oades of Detroit, frozen in a great field of ice off Long Point, Lake Erie.

The progress of the vessel was effectively blocked and she will probably remain in her present position until the ice breaks up or a powerful wrecking tug is sent to her assistance.

The few vessels that succeeded in making this port resembled great icebergs, being covered with heavy ice from stem to stern.

After Cleveland Street Railways.

CLEVELAND, Dec. 10.—It is reported that an English syndicate is negotiating for the purchase of both the Big and Little Consolidated street railways. The properties, capitalized at \$24,300,000, can, it is said, be bought for about \$35,000,000. Henry Everett of Boston, former president of the Little Consolidated, is said to have been working as the agent of the English.

Miller Likely to Win.

NEW YORK, Dec. 10.—Before midnight Miller had beaten the world's record made by himself a year ago, and his friends believe that he will be able to remain ahead of his own record until the six-day bicycle race is ended.

Snowed in Texas.

AUSTIN, Dec. 10.—The ground in this section of the state was completely covered with snow for the first time since January 1897. Farmers say that it came in time to assure good spring yields.

HIS ARCH ENEMIES.

Quay Had Gordon and Wanamaker Subpoenaed.

CONSPIRACY MAY BE CHARGED.

Declared That This Will Be the Senator's Defense—Gordon's Alleged Meeting With Guffey, Who, It Is Reported, Will Be Subpoenaed.

PHILADELPHIA, Dec. 10.—Counsel for Senator Quay in the conspiracy charges, for which he is to be tried next week, subpoenaed ex-Common Pleas Judge James Gay Gordon and ex-Postmaster General Wanamaker as witnesses for the defense.

This news is interesting in view of the known opposition of both of these men to Senator Quay politically and in view of the charges recently made by Senator Purser, in which he stated that the charges against Senator Quay were the result of a conspiracy to defeat him for re-election to the United States senate and in his place name a person favorable to Messrs. Wanamaker and Gordon.

The following, among others, have also been subpoenaed as witnesses for the defense: Attorney General McCormick, secretary of the commonwealth; David Martin, former representative; Howard Mendenhall, state senator; Christopher L. Magee, president James McManes and receiver Thomas W. Harlow of the People's bank.

It was reported that subpoenas had also been issued for Colonel John A. Guffey of Pittsburgh, member of the national Democratic committee, and D. A. Orr, editor of the Harrisburg Patriot.

Ever since his arrest the senator has repeatedly declared that the criminal charges brought against him were the result of a conspiracy to defeat him for re-election.

One of Senator Quay's supporters said that his counsel would endeavor to show by the testimony of Judge Gordon that the judge, as private counsel for James McManes, president of the People's bank, was present and authorized the opening of the desk of Hopkins, the People's bank cashier, who committed suicide.

The defense will also endeavor to prove, according to Senator Quay's friends, that Judge Gordon took possession of the "red book" and other papers found therein, retained them some time, and that the prosecution was thus aware of the evidence against the senator and the other defendants more than six months before the warrants were issued for his arrest.

Counsel for Senator Quay, it is said, will attempt to prove that on Thursday preceding the Democratic state convention, held at Altoona on June 29, Judge Gordon met Colonel Guffey and others in New York, and to secure the Democratic leader's influence in behalf of his candidacy for the gubernatorial nomination, he then submitted the evidence against Senator Quay revealed by the People's bank books.

CLEARED ABNER MCKINLEY.

Colonel Hecker Denied That He Was Favored in the Purchase of Vessels.

WASHINGTON, Dec. 10.—Colonel Hecker of the war department was further examined by the war investigating commission. He denied in vigorous fashion the charges made some time ago in a New York paper that Abner McKinley was favored in the purchase of vessels by the government. Only once did Abner McKinley approach him and that was in reference to a water barge, but a negotiation had no need of it the matter was dropped. Colonel Hecker had no further communications, either directly or indirectly, with Abner McKinley.

The next witness was Surgeon Appel, who was stationed at Miami, Fla., and Montauk Point camps. He denied practically every charge that was made in reference to mismanagement at those camps. He said also that he heard the talk that Surgeon Seaman had with the reporters on arriving from Cuba. Appel vindicated the reporters. They correctly reported Seaman.

TO AMEND WAR REVENUE ACT.

Commissioner Scott Makes Recommendations to Chairman Dingley.

WASHINGTON, Dec. 10.—Chairman Dingley of the ways and means committee has received a letter from the commissioner of internal revenue, N. B. Scott, recommending a number of amendments to the act of June 13, 1893, known as the war revenue act.

The recommendations cover changes of an administrative character under schedules A and B, also for the monthly payment of excise taxes on sugar, molasses and for a penalty for failing to stamp parlor car tickets. Further provisions are suggested as to the examinations by internal revenue office of articles subject to internal revenue taxes.

Weather Forecast.

For Western Pennsylvania and Ohio—Generally fair, preceded by snow flurries on the lake; fresh to brisk west winds.

A LITTLE GIRL WAS ABUSED

She Was Compelled to Work or Beg, and When She Lost Her Place Was Chastised—The Matter Was Promptly Reported to the Township Trustees.

A pitiable case was reported to the township trustees yesterday afternoon, and if the facts in the case are true, several arrests may result.

In a shanty boat, now beached near the Golding flint mill, live a family who have a number of children. Among them are several small girls. The eldest is compelled to beg, while the mother does washing and the father and elder sons do things which are not altogether in accordance with the law. As a result they have served time both in the county jail and Canton workhouse.

Six weeks ago the daughter, who was compelled to beg, left her home and secured a place as a domestic with a prominent family in Second street. Wednesday her mistress told her that she had decided she would not need her services longer than tonight, and she was told to go home. Learning of the child told the woman that her parents would not have her about the house or boat, unless she begged or brought them money. She cried for several hours although promises of help were made. She told the woman she did not want to leave the house.

She went home Thursday night and told her parents of the matter, and they proceeded to chastise her. Upon this action the complaint was made and something more may be heard of the matter before another week ends.

Sleeping Cars at an Exposition.

At the Pittsburg Exposition an elegant Pullman sleeping car was one of the attractive features of the main hall. The car represented the latest output of the Pullman shops, and was a grand one not only in finish and furnishings, but in convenient appointments. The highly polished inlaid vermilion wood interior harmonized nicely with the rich velvet carpets and silk curtains and special design upholstery. A number of art glass windows in the lavatories and toilet rooms enhanced the beauty of both exterior and interior. The dressing room for ladies attracted particular attention, owing to its commodious size and the elegant mirror and dressing table it contained. The car in question is a counterpart of new sleeping cars running over the Pennsylvania lines.

SIX DAY BICYCLE RACE.

Competitors In the International Contest at New York.

MANY FOREIGN CONTESTANTS.

Statistics and Performances of Entrants Show a Great Array of Talent—Riders Are Well Prepared For the Long Struggle—Miller, Rice, Hale, Pierce and Frederick Fancied For First Honors.

At five minutes past 12 o'clock Monday morning, Dec. 5, the annual contest on bicycles was begun in Madison Square Garden, in New York. At that time 31 plucky riders started in a race on a ten lap board track, and for 142 consecutive hours will battle against nature and one another for the international championship and purses offered by the American Cycle Racing association.

Never has a better class of contestants been entered in a race of this character and never have competitors been so well prepared for a long struggle as those who lined up for the start of the race. Countries that are represented in the lists are France, Germany, Switzerland, Sweden, England, Ireland, Canada, Australia and the United States. Each of these countries is represented by her best men at the distance, and the entries are so well balanced that experts find it an unusually difficult matter to pick those who are likely to finish in the lead.

Charles W. Miller, the stocky German-American, naturally is fancied by many by reason of his victory in the six day race last year, as well as by his present superb form and complete confidence. Miller's triumph in an international 72 hour race in Paris late in the summer has also served to keep his stock up. As in the case of his race last year, he is being looked after by John West, one of the shrewdest trainers in the business, and besides he will have an added incentive to victory in the daily presence at the track side of the young lady to whom he is engaged to be married.

Next to Miller, opinion seems to be about equally divided between "Teddy" Hale, M. Frederick, Burns Pierce and Joe Rice as likely candidates for first honors. Fred Schineer, Frank Waller, Etienne Stephane and John Lawson, the "Terrible Swede," are also fancied in many quarters. Hale, it will be remembered, won first prize in the Garden race two years ago and last year after suffering from illness during the first three days of the contest, surprised almost every one by finishing in fourth place. This year Hale undoubtedly is in as fine condition as he was two years ago, if not better, and he is as confident of success now as he was on that occasion. Considerable mystery is attached to the entry of Joe Rice, who announced himself a competitor only at the eleventh hour. The fact that with indifferent care Rice finished second in both of the last two six day "grinds" in this city indicates that the Pennsylvanian is out this time to surprise somebody. Rice is said to be in better physical shape than when he started in the race last year, and he himself is confident of his ability to finish in front.

Of foreign talent Frederick of Switzerland is the most feared. Miller had him for a competitor in the 72 hour race at Paris, and the American was forced to break world's records to win. In that race Frederick had a hard fall, otherwise the result might possibly have been changed. A feature of Frederick's riding is said to be the length of time he remains in the saddle, his trainers sometimes being compelled to force him to dismount. Miller regards the Swiss as the hardest man in the race to beat.

Burns Pierce, born a Canadian, but latterly a resident of Boston, is quite likely to upset the calculations of everybody. Pierce was in no condition for a long struggle when he started in the six day race last year, and he astounded even his friends by finishing among the winners. Three months ago he commenced training for the present contest and is now fit to ride the race of his life. Schineer built up a reputation two years ago in Chicago, when he outrode Miller, Hale and other cracks in a six day contest. Last year he rode third to Miller and Rice. Frank Waller is in good form and is likely to assume the lead early in the race, as he did last year. Waller's wife will attend to the cooking of his meals during the week, while the young wife of Schineer will officiate in a like capacity for the latter.

Of the foreign riders Stephane and Monachon, next to Frederick, are held in highest esteem. Cistac and Joyeux are unknown quantities, but the latter has every appearance of being a "stay-er." The trio of Swedes—John Lawson, Oscar Julius and Oscar Aaronson—are all in form, but Lawson is best liked of the lot.

The statistics of the men entered are as follows:

Charles W. Miller, born in Saxony, Germany; age, 24 years; 5 feet 5½ inches; weight, 168 pounds. Won six day race last year, covering 1,983 miles; won 72 hour race in Paris.

Joseph S. Rice, born in Poland, Russia; age, 27; weight, 155 pounds; height, 5 feet 4½ inches. Second in

Madison Square Garden six day races in 1896 and 1897.

Fred Schineer, born in Salzbun, Germany; age, 26 years; weight, 130 pounds; height, 5 feet 9 inches. Won six day race in Chicago; third in Madison Square Garden race last year.

"Teddy" Hale, born in Ireland; age, 35 years; height, 5 feet 10 inches; weight, 150 pounds. Won Madison Square Garden race in 1896.

Frederick Michel, riding under first name only, born in Switzerland; age, 26 years; height, 5 feet 10½ inches; weight, 155 pounds. Second in 72 hour race in Paris; second in race from Marseilles to Nice; won 200 kilometer championship of Switzerland.

Theodore Joyeux, born in France; age, 33 years; height, 5 feet 6 inches; weight, 148 pounds. Third in 72 hour race in Paris; won race from Choisy to Cours; won race from Calais to Marseilles.

Frank Cistac, born in France, but resident of Australia; age, 29 years; height, 5 feet 9 inches; weight, 160 pounds. Claims long distance championship of Australia.

Ulysse Monachon, born in Switzerland; age, 27 years. Holder of French unpaired record for 24 hours.

Etienne Stephane, born in France. Several times winner of the Paris-Bordeaux race. Holder of French records.

Frank Waller, born in Germany; age, 41 years; height 5 feet 10½ inches; weight, 166 pounds. A veteran in long distance racing. Rode 1,883 in last year's race.

Fred Forster, born in Hamburg, Germany; age, 38 years; height, 5 feet 9 inches; weight, 172 pounds. Record, 1,829 miles in six days.

Burns Pierce, born in Nova Scotia; age, 30 years; height, 5 feet 10 inches; weight, 160 pounds. Sixth in race last year.

Frank Albert, American; age, 27 years; height, 5 feet 8½ inches; weight, 150 pounds. Record, 1,640 miles in six days.

George Cartwright, born in England; age, 43 years; height, 5 feet 5 inches; weight, 145 pounds. A veteran in long distance contests.

Louis Gimm, German-American; age, 28 years; height, 5 feet 8½ inches; weight, 152 pounds. Record, 486½ miles in 24 hours.

John Lawson, born in Sweden; age, 26 years; weight, 160 pounds. Record, 875 miles in 48 hours.

Oscar Julius, born in Sweden; age, 20 years; height, 5 feet 7 inches; weight, 130 pounds. Record, 1,422 miles in six days.

Earl D. Stevens, American; age, 19 years; height, 5 feet 6 inches; weight, 140 pounds.

Other entries for the big race are: A. G. Bliven, American; age, 22 years; weight, 144 pounds. Magnus Gross, German-American; age, 30 years; weight, 160 pounds. Charles Neal, American; age, 32 years; weight, 140 pounds. James A. Rafferty, American; Jack Burke, Irish-American; age, 23 years; weight, 145 pounds. Oscar Aaronson, Swede; age, 20 years; weight, 130 pounds. L. J. King, American; Henry Pilkington, Irish; age, 25 years; weight, 150 pounds. J. W. Nawn, Irish; age, 24 years; weight, 156 pounds. Steven Fallon, American; age, 27 years; weight, 140 pounds. Charles Turville, American; age, 26 years; weight, 132 pounds. Bert Leslie, American; age, 25 years; weight, 175 pounds. Edward Beacon, American; age, 25 years; weight, 170 pounds; E. O. Smith, American; age, 28 years; weight, 175 pounds.—New York Herald.

FROM THE OLD SOD.

Timothy Flaherty, a Globe Trotter. Trying to Win \$50,000.

Timothy Flaherty, an Irishman from the old sod, was in Mexico, Mo., the other day on a journey around the world on foot on a wager of \$50,000 that he could make the circuit of the globe between November, 1895, and February, 1899. He started from Dublin, November, 1895, and he feels confident he will be able to reach that point on time. The traveler had his credentials with him, seals and stamps of not only the different countries, but of the big cities of the world which he has passed through. He secured the stamp mark of the depot office in Mexico, Mo.

Flaherty said there were three of them started on this trip for a purse of \$150,000, \$50,000 each, but the other two pedestrians died on the plains of Asia. The traveler showed a letter signed by Admiral Dewey, the great naval hero, which stated that he had met the bearer. The signature is evidently genuine. The walker stated that he was at Manila at the time of the great battle, but he hid during the engagement.—Special St. Louis Globe-Democrat.

OLD CONFEDERATE BATTERY SITE.

Government Secured It at Lookout Point, Near Chickamauga.

WASHINGTON, Dec. 10.—The government, through the Chickamauga park commission, has secured deeds to 16 acres on Lookout Point, the highest point in the Chickamauga region and overlooking seven states and all the battlefields adjacent to the park.

During the siege of Chickamauga, this point was an important Confederate position, occupied by a battery. The park commissioners will at once replace the battery and will erect historical tablets.

BUSINESS STEADY.

Meeting of Congress, President's Message or Treasurer's Report Did Not Effect It Noticeably, Said Dun.

NEW YORK, Dec. 10.—R. G. Dun & Co.'s Weekly Review of Trade, issued today, said in part:

The most significant thing this week has been the entire absence of the customary nervous fright before or after the meeting of congress, the president's message and the treasurer's report.

No one showed the least alarm and nobody could find the least occasion for any. Money and stock and grain markets moved on exactly as if the government were automatic, certain to do or say no more than the people had already decided and expected, and so the gradual betterment since October continues. There is a larger demand for products in nearly all the great industries, larger export demand for foreign needs, a more healthy domestic demand since seasonable weather arrived and a comforting conviction that November business, the biggest ever done in this country in any month, was but a step toward some thing better.

Exports last year in December were marvelous, but this year are starting far ahead.

The wheat does not come out at low prices, if the people have less to sell than last year at 20 cents more per bushel. So the corn exports were 4,191,93 bushels, against 3,313,086 last year, and such a foreign demand at prices much higher than last year and with wheat cheaper, is proof of a state of things abroad which Americans hardly appreciate. The price declined only one-fourth with enormous receipts.

Woolen goods have been in much better demand and many of the smaller mills have been buying after concessions secured by the larger.

Prices yielded about ½ cent in November, according to 100 quotations by Coates Bros., and from Philadelphia dispatches appear to be about 1 cent lower this week.

The rupture of the Inchoate rail combination, it appears, resulted in lower prices and larger sales in the first week of sharp competition than were realized a week ago. Prices were made in some transactions much lower than were then or are now quoted, and while \$17 at Pittsburg is now named, special orders are said to command lower figures.

The purchase of 150,000 tons Bessemer pig at \$0 at a valley furnace and 100,000 billets for Pittsburg at \$15.50, at which 40,000 tons went to a hoop mill, with 11,000 tons rods at Chicago at \$22, and 22,000 tons plates for one concern at Pittsburg, besides enormous orders for bars and plates in car and ship building, a steamship contract on the Delaware and a contract for 5,000 tons for bridges at Chicago give some idea of the heavy business coming forward, just when the works usually expect a season of idleness and waiting.

Failures for the week have been 248 in the United States against 312 last year, and 22 in Canada against 29 last year.

An Embezzler in Luck.

INDIANAPOLIS, Dec. 10.—Two years ago Samuel Henney was the postmaster at Moreland, Randolph county, Ind. Henney left for parts unknown, taking government funds to the amount of \$467. The authorities looked for him, but found him not. Friday Henney walked into the office of the United States marshal and gave himself up. The indictment against him had recently been nolleed at the instance of the district attorney. He is now beyond the pale of the law.

Senator Kenney Testified.

WILMINGTON, Del., Dec. 10.—The government today rested its case in the trial of United States Senator Richard R. Kenney on charges of misapplication of funds of the First National bank of Dover, and Senator Kenney was placed on the stand in his own behalf. For over two hours he told of his relations with the defaulting teller. He pronounced as false all the important incriminating statements testified to by Boggs.

Joint High Commission.

WASHINGTON, Dec. 10.—The meeting of the joint high commission at the Arlington was followed by quite a long session of the Canadian commissioners at their own quarters. It was stated that owing to the unsettled condition of the commission's work, it is impossible to say positively whether or not the commission will adjourn over for the holidays. This may indicate either a favorable or unfavorable state of affairs.

Democrats to Hold a Caucus.

WASHINGTON, Dec. 10.—To obviate all doubt as to the holding of the caucus of Democratic representatives tonight notice was given to each Democratic member that the original caucus program would be carried out. The question which it is generally understood will be considered will be the binding force of a decision of a Democratic caucus.

Troops From Porto Rico.

NEWPORT NEWS, Dec. 10.—The United States transport Berlin arrived here from San Juan. On the transport were Major General John R. Brooke, his staff and the First Kentucky volunteer infantry, under Colonel John B. L. Castleman. The transport brought but six sick men home and they were at once transferred to the Josiah Sampson and sent to the government hospital at Old Point.

McCallagh Left For Havana.

NEW YORK, Dec. 10.—John McCullagh, formerly chief of police of this city, and later superintendent of elections for the metropolitan district, left over the Pennsylvania railroad enroute to Havana. On his arrival at Havana Mr. McCullagh will report to General Greene. After looking the ground over thoroughly he will submit a report to President McKinley as to the best method of reorganizing the police force.

Thoroughly healthy girlhood means happy wifehood and capable motherhood. A new fangled prudery prevents many girls from learning things that they ought to know before they assume the duties of matrimony and maternity. Athletics alone will not make a young woman thoroughly healthy. The wise counsels of a good mother or some older woman are indispensable. The best and noblest mission of a woman is to bear and rear healthy, intelligent children. In order to do this, she must be healthy and strong in a womanly way. Both the intellectual and physical future of her children depend largely upon the mother. Dr. Pierce's Favorite Prescription is the best of all medicines for maids, wives and mothers. It is intended to do but one thing and does that one thing thoroughly. It acts directly on the delicate and important organs concerned in wifehood and motherhood and makes them strong, healthy, virile, vigorous and elastic. Taken during the time of preparation, it banishes the trials and dangers of maternity. It insures the well being of the mother and the robust health of the child. It is the greatest of nerve tonics and nerve builders. Thousands of women have told the story of its marvelous accomplishments. Good medicine dealers sell it and will not advise a substitute in place of it.

In a letter to Dr. Pierce, Mr. C. A. McDonald, of No. 123 N. Chestnut Street, Los Angeles, Cal., says: "At Junction City I became acquainted with W. C. Lee, M. D., an old practitioner. He said he was a college chum of yours, but that you went to Europe to the best hospitals, while he commenced practice; that for thirty years you were considered one of the leading physicians in New York State, and he considered your remedies better than all others, and prescribed them daily in his practice. On the strength of this commendation I tried your 'Favorite Prescription' and the 'Pellets.' The 'Favorite Prescription' has acted like magic in cases of irregular and painful monthly periods, a few doses only being necessary to restore the natural function. The 'Pellets' have proven an infallible cure for sick and bilious headache."

In paper covers, 21 one-cent stamps; cloth binding, ten cents extra. Dr. Pierce's Common Sense Medical Adviser. Address Dr. R. V. Pierce, Buffalo, N. Y.

Mothers, Don't Scold

Your Children, They Are Not to Blame—Try to Help Them.

Many an East Liverpool mother, on reading this, will appreciate the boon of information will bring. Thousands of children have been scolded time and again for the so-called habit when they are not to blame. Wet beds have been the resting place of the little ones night after night, and no amount of chiding or scolding could prevent a repetition. If the mothers only knew their little boys and girls were not to blame; they cannot help it. It is not a habit. It is simply weak kidneys. At last a preparation has been found so gentle in its action that the youngest child can take it. We refer to Doan's Kidney Pills and when the public knows it there need be nothing but clean, sweet, dry beds for the children and no more need for scolding.

Mrs. William McBride, No. 282 West Bloom street, Mansfield, O., says: "My little boy when he was eight weeks old was attacked with rheumatism. He recovered from the immediate effects of that trouble but he always had weak kidneys. This gave a great deal of trouble both during the night and the day on account of the inability to retain kidney secretions. It apparently had the effect of making him poorly, for his appetite would flag and he did not thrive. We were anxious to get something that would benefit him, so when we read about Doan's Kidney Pills we procured a box to try. We gave him half a pill at a time and we were very much pleased to notice that he was taking a turn for the better and showed steady improvement. Under their influence the power of retention came back. His appetite mended and he improved in every way.

Doan's Kidney Pills are sold for 50 cents per box. For sale by mail on receipt of price by Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name, Doan's, and take no other.

CHICAGO CITIZENS DETERMINED

Meetings Held, Respective of Party, at Eight Street Car Franchise Granting.

CHICAGO, Dec. 10.—Democrats, Republicans and Citizens, irrespective of party, assembled in mass meetings at various wards of the city and declared themselves unalterably opposed to any street railway legislation under the Allen law.

Mayor Harrison put the brakes on some noberbed citizens who talked "ropes" by telling them that in the first place there would be no necessity for any over acts, because the "gang" could not muster enough votes to pass the ordinance over his veto, and in the second place that all talk of mob law, vigilance committees and escorts to aldermen were out of place and dangerous.

Murderer Cleverly in Jail.

LIBERTY, Mo., Dec. 10.—Ernest Clevenger, who murdered Henry Allen and fatally wounded his cousin, Della Clevenger, in a church near Missouri City, was lodged in the county jail here. He attempted suicide after his escape from the church.

WALKER IS SURPRISED

To Face Five Indictments In Federal Court.

HE DECLARES HIS INNOCENCE

In Anticipation of the Finding of the Grand Jury He Was In Court, and After an Attorney Had Been Appointed He Was Taken In Charge by the Marshal.

An indictment with five counts was returned in the federal court at Columbus against M. F. Walker, the Cleveland and Pittsburgh colored postal clerk. One count charged him with secreting and destroying a letter addressed to A. T. Means and embezzling the contents, \$1. The second charged him with secreting and destroying a letter addressed to John Akers at Grafton. The third charged him with secreting and destroying a letter addressed to Mrs. Susan Costello of Congo, W. Va., and taking the contents, \$1.75. The fourth count charges appropriation of a letter addressed to Mrs. W. L. Hoogler, of Warrenton, O. The fifth alleges that he secreted and destroyed three letters addressed to people at Massillon while he was on the river division. All these offenses are charges against him as a postal agent in the service of the United States on the route from Wellsville to Bellaire.

In anticipation of the finding of the jury, and as demanded by his bond, given when he was arrested, Walker was in court. He was arraigned and pleaded not guilty to the indictment. In response to the query of the court, Walker said he had an attorney but he was not there and he was not able to engage one. Judge Thompson appointed Attorney Wilbur King to defend him. The court ordered that Walker be taken into the custody of the United States marshal pending the procuring of a bond of \$1000. This was a surprise to Walker, who evidently thought that the bond he had already given was sufficient, but it was not.

Walker's friends are confident that he will be cleared, and say the testimony is sufficient to show his innocence.

MR. HOSKINSON CURED.

Wonderful Influence of Treatment Without Medicine.

S. Hoskinson, a tailor, located in the Ikirt block, is another resident who is blessing Dr. E. F. Larkins and his wonderful methods of curing disease without medicine.

"I suffered for several days from numbness in my left arm and could feel nothing with my fingers," he said to the News Review. "I was unable to work, and attempted to cure myself with medicines, but to no avail. I heard of the wonderful cures of Doctor Larkins, and last Thursday went to his office. I was relieved by one treatment, and my arm has had its natural feeling since and I have been able to work."

THE COUNTY

Will Pay For the Care of John McIlhenny For the Present.

The township trustees yesterday had John McIlhenny taken to the home of Mrs. Coulson, in Franklin street, and he will be given the proper care and attention.

The infirm directors have been notified and will pay the expenses of the temporary hospital.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore, requires constitutional treatment. Hall's Catarrh cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address F. J. CHENEY & Co., Toledo, O. Sold by druggists, 75c.

CHRISTIAN ENDEAVOR.

Topic For the Week Beginning Dec. 11.—Comment by Rev. S. H. Doyle.

Topic.—"The minor virtues and their importance."—Phil. iii, 12-14; iv, 8; Math. v, 18.

The standard of life set before the Christian is a very high one. It is the character of heaven, it is godlike perfection. Paul declares that he will be satisfied with nothing short of heaven and its attainments. "Not," he says, "that I had already attained or were already perfect, but I follow after * * * but this one thing I do * * * I press toward the mark for the prize of the high calling of God in Christ Jesus." God has called him in Christ to the prize of eternal life in heaven, and his one aim in life is to reach the goal, the high standard of perfect life in Christ placed before him. Christ held the same high standard before His disciples. "Be ye therefore perfect, even as your Father which is in heaven is perfect." He did not say that we could reach this goal of divine perfection in this life, but placed it before us as our ideal, and His word teaches us that we do reach it in the life beyond.

Godlikeness therefore in character is the Christian's standard and goal, but it does not imply that we are to ignore the minor virtues and characteristics of morality. Godliness is higher than morality, but it implies it. Although godliness is our aim, we are not to ignore the moral virtues, for it is by practicing them that we attain to godliness.

In Phil. iv, 8, Paul mentions some of the moral virtues upon which we are to think that we may be led to do them. They are:

1. "Whatsoever things are true." Truth and truthness are absolutely necessary to a Christian life. We are to seek the one and to cultivate the other. God is true. Christ is the truth, and all that is true comes from Him, and nothing false is to be found in Him. To have Christ is to have truth; to be like Christ is to be true.

2. "Whatsoever things are honest." The revised version translates the Greek word used here "honorable" or "reverend" rather than "honest," and this rendering is nearer the meaning of the original Greek word. It suggests the cultivation of a spirit of self respect, which is not inconsistent with true Christian humility.

3. "Whatsoever things are just," right or righteous before God and man.

4. "Whatsoever things are pure." Purity is an essential Christian characteristic. Only the "pure in heart shall see God." Our lives should be free from anything that stains or defiles.

5. "Whatsoever things are lovely * * * and of good report." All charac-

teristics of life that are lovely, attractive to men, and which men admire and esteem, are to be cultivated, that by them we may win men to Christ.

Bible Readings.—Ex. xx, 15-17; Prov. iii, 3, 4; iv, 23-27; vi, 6-11, 16-19; xi, 1; xv, 1, 2; xvii, 1; xxii, 1; xxiv, 1, 2; Jer. v, 1; Ps. i, 1-6; Math. v, 1-12; Rom. xii, 9-21; Phil. ii, 1-12.

Try to Forget Them

It is unwise to brood over our past sins. We should try to forget them. To recall them certainly does not develop goodness. It rather has the opposite effect. The thought of them dampens our ardor, makes us timid and distrustful of ourselves. When we have repented of evil and asked our Father to forgive us, we should dismiss the thought of it, shut it out, let it have no place in our minds. Let the dead past bury its dead. We must be busy with that which is new and living. By pure thoughts, noble purposes, good works, we must crowd evil out of our lives. God will help us to forget the wrong we once did if we live with Him. We must work with Him to produce that blessed oblivion to the past both by refusing resolutely to harbor the thought of old sins and by filling our lives with all that pleases Him. Blessed is the man who cultivates the forgetting of evil.—Lutheran Observer.

Why Bill Was Discomfited.

Blizzard Bill went up to the new parson's house with an unpleasant errand in view. He meant to run him out of town.

Three hours later he met Ginger Joe. Ginger looked him over.

"Grizzly or dynamite?" he softly inquired. Bill looked at Ginger through his half shut eyes. "You're a durned pretty sort o' friend, you are!" he hoarsely growled. "Why in merry thunder didn't you tell me the parson was an army chaplain?" —Cleveland Plain Dealer.

According to Promise.

"Now that you've got your dog again," said the rough looking man, pocketing the reward, "you might ask me if I wouldn't like something to drink." "You forgot, sir," sternly replied the owner of the animal, "that I said in my advertisement 'No questions asked.'" —Chicago Tribune.

UNION PAPERS.
 All Union papers of East Liverpool are

 the city by the printing of the above
 Union Labels at the head of their columns

THE protests of Spain will go down
 in history as the cry of a policy which
 began with the bluster of a bully and
 ended with the wail of a babe. She
 cannot hope to gain anything by pro-
 testing now the war is over, and her
 public men but place themselves in a
 light truly ridiculous when they give
 utterance to protests against America.

THERE is nothing to prompt the be-
 lief that this government will put the
 Philippines up at auction and dispose of
 the islands and their inhabitants to the
 highest bidder. The United States is
 not now in that business. The time
 may come, should the anti-expansionists
 win, when that course would be fol-
 lowed, but fortunately that day has not
 yet arrived.

It remains to be seen whether the peo-
 ple of Chicago will compel their repre-
 sentatives to do as they desire as against
 the wishes of a gigantic corporation
 with abundant means to purchase the
 votes of city officials. The fight is a
 desperate one, but if Yerkes and his
 friends are routed it will show that even
 in Chicago the people at times weary of
 hoodlums and their methods.

It has taken some time to reach the
 desired end, but the Americans in
 Havana will probably think the
 spectacle worth the trouble when to-
 morrow they see a regiment of United
 States troops march through the city on
 their way to Pinar Del Rio. It is noth-
 ing short of wonderful when the fact is
 recalled that this, the stronghold of
 Spain in the west, has fallen without
 firing a shot in its own defense.

THERE are reports and reports from
 Washington concerning the prospects
 for legislation that will restrict immi-
 gration, but the most reliable seem to
 point to some action before the present
 session of congress closes. It is an im-
 portant matter, one that should have
 been settled long ago, and its final dis-
 position, particularly if it keeps from
 these shores the scum of southern
 Europe, will be greeted with delight.

THE published nonsense concerning
 the finding of gold in various parts of
 Eastern Ohio are swallowed by the more
 credulous of the vast army of newspa-
 per readers, but serve to elicit no more
 than a smile from those who are ac-
 quainted with the facts. Gold bearing
 quartz has never been found in Ohio,
 nor will it be until some individual
 bores far down into the bosom of mother
 earth. To believe the tales of Malvern,
 Steubenville and Cadiz would be to
 shame the science of geology.

A GOOD TEST.

The friends of federal ownership of
 telegraph and telephone lines will soon
 know more concerning the actual work-
 ing of their theories. The government
 now has charge of all such lines in Porto
 Rico, and after official matter is hand-
 ling commercial business. The signal
 service in charge cannot yet give much
 information, but it will know more in
 six months, and the report will doubtless
 be read with a vast deal of interest. It
 will show whether the government or
 some private corporation is best suited
 for the business, and will have a ma-
 terial bearing upon the arguments now
 grown so word and threadbare.

THE FIRST DEGREE

That is the Charge of Murder
 Against Pryor

REPORTED BY THE GRAND JURY

His Trial Will Not Take Place for Several
 Weeks as a Special Jury Must Be Drawn.
 Albert H. Maloy Was Indicted for Steal-
 ing From the Residence of Benton Gross-
 hans in East End—Thirteen Indictments
 Returned by the Special Grand Jury, But
 Prisoners Will Not Be Arraigned Until
 Next Thursday.

LISBON, Dec. 10.—[Special]—The spe-
 cial grand jury, called by Prosecutor
 Brookes for the purpose of disposing of
 all prisoners in the county jail, com-
 pleted its labors at noon yesterday, and
 reported when court convened in the
 afternoon. The prisoners were not ar-
 raigned, but will appear before Judge
 Smith Monday. He will look after the
 criminal business, and Judge Kennedy,
 of Youngstown, or Judge Robinson, of
 Ravenna, will take up the regular as-
 signment for the week.

The jury reported 13 indictments, the
 most important of which is that against
 Theodore Pryor, of East Liverpool, who
 is charged with murder in the first de-
 gree. The victim was Henry Clark,
 and the crime was committed when the
 packet Ben Hur was tied to the wharf at
 Liverpool. Pryor will not be heard
 for several weeks because 36 names
 must be drawn from the jury wheel,
 and the parties served and return made
 at least 15 days before the date set for
 the trial.

Albert H. Maloy was indicted for lar-
 ceny, being charged with stealing goods
 and money from the residence of Ben-
 ton Grosshans in East End, Liverpool.
 The amount is \$176.10. His case will be
 heard next Monday.

Henry Dawson, of Salem, was in-
 dicted for burglary and grand larceny,
 \$135 having been stolen from the home
 of W. P. Carpenter, the city treasurer.
 He, too, will be heard on Monday.

William Henderson, Lisbon, is
 charged with stealing \$214 from Steven
 Barnes. His trial has been set for Tues-
 day.

John Patterson, William Whitney
 and Ollie Downard, a Wellsville trio,
 were indicted for stealing a horse, bug-
 gy and harness from J. E. Kennedy,
 and will be heard Wednesday.

The last indictment returned, is that
 against A. L. Fogo, late superintendent of
 the Wellsville water works. He will be
 heard Wednesday.

In addition to this the jury found true
 bills against parties whose names are
 not given out. In some quarters the
 belief is expressed that action was taken
 on the Palestine case, while it is prob-
 able liquor dealers were indicted.

It failed to indict James Landis, of
 Rogers, for horse stealing; James Rice,
 Liverpool, larceny; George Davidson,
 Salem, burglary. They were released
 today.

FEW ARRESTS.

But the Fines In Dollars and Cents Were
 Large.

No arrests were made during the
 night or this morning, and no tourists
 were accommodated over night. Dur-
 ing the week police business has been
 very slow.

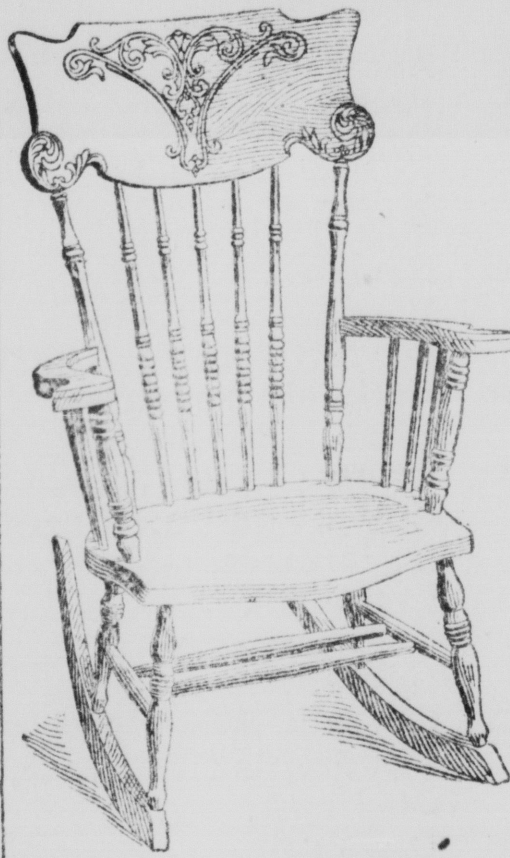

The record of the week shows that
 more liquor cases were filed than at any
 time since Mayor Bough has been in
 office. Not one arrest on a charge of
 intoxication was made. The fines and
 costs which have been collected during
 the week have amounted to \$122.40, of
 which the mayor received but \$12.

One case was carried to the common
 pleas court and one case was continued
 until next week.

The case of selling liquor to minors,
 the charge against Ben Wyand, will be
 heard Monday afternoon at 2 o'clock.

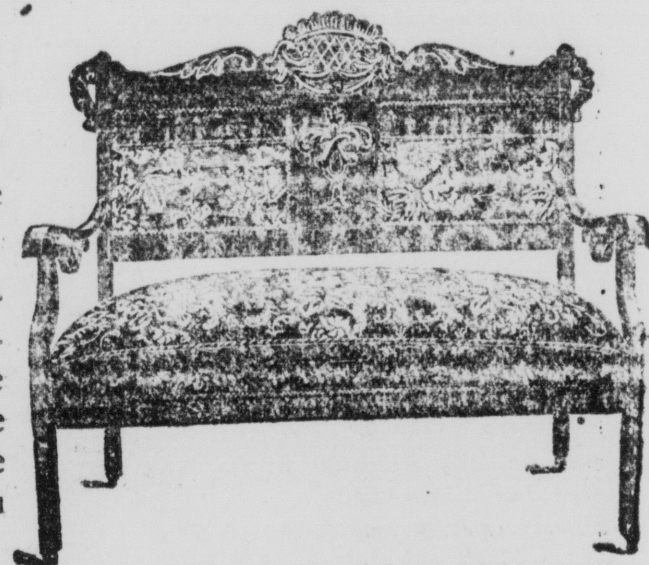

Another lot of those new and stylish

WELLSVILLE.

WELCOMED THE PASTOR

Presbyterians Enthusiastic at a Reception

TENDERED REVEREND LAFFERTY

Mrs. McPherson, an Aged Widow, Passed Away Yesterday--Improvements at the Hotel--Reserved His Decision--All the News of Wellsville.

The reception tendered Reverend L. Finley Lafferty and wife, at the First Presbyterian church last evening, was a very pleasant event.

It is estimated that 500 persons were present. Sterret's orchestra made sweet music while the presentation and hand shaking went on, and later in the evening refreshments were served. Reverend Lafferty begins his pastorate under the most favorable circumstances, and with the hearty good will and co-operation of a united church.

Mrs. McPherson Dead.

The death of Mrs. Margaret McPherson, of Broadway, whose serious illness was noted yesterday, occurred last evening at 6:30 o'clock.

Mrs. McPherson was a widow, her husband, Malcome McPherson, having died many years ago. One son, Andrew McPherson, of Indianola, Ind., and five daughters remain: Mrs. Belle Orr, of Lisbon; Mrs. Clarence Wilcoxon and Mrs. James McPherson, of the Scotch settlement; Mrs. Deidrich, Liverpool, and Miss Jeannette McPherson, who lived at home with her mother.

Mrs. McPherson was 80 years of age, and her illness was the result of old age and a complication of diseases. The time for the funeral is not yet set, as word has not been received of the time of arrival of Andrew McPherson from the west, but the interment will be at the cemetery of the Brick church.

Reserved His Decision.

The case of Charles Lewmire against William H. Moore was heard before Justice McKenzie last evening at 5 o'clock. The claim was for \$47 but a counter claim for \$80 was presented. The attorney for defendant is F. L. Wells, and for the plaintiff Charles F. Bord. Justice McKenzie reserved his decision until 4 o'clock today.

Improving the Hotel.

Extensive improvements will soon be made at the hotel. An architect has prepared plans providing for a number of additional rooms. The office will be enlarged, and the dining room will be in the rear. Mr. Shultz, the new proprietor, is determined to make the house as attractive as possible.

News of Wellsville.

Lyth's terra cotta works are at work with the full force of workmen employed. No scarcity of orders is reported and the expectation is for continued work and prosperity.

The remains of Mrs. Margaret Householder were brought from Cleveland on the noon train and at once transferred from the lower depot to the Second Presbyterian church where services were held, interment at Spring Hill.

Before the new year a wedding will take place. The prospective bride and groom live between Fourth and Fifth streets on Broadway.

David Cramrine carries a painful hand as a result of an accident while coasting on Fifth street recently.

The latest word from Battle Creek sanitarium, is that Mrs. F. L. Wells' condition is much improved. The prospects for complete recovery are now considered very good.

A necktie social was held at the African M. E. church last night. It was well attended, and a good time was the result. Refreshments were served and the pairing off seemed to be entirely satisfactory to all the participants.

Mrs. Harry Thompson, Mrs. Joe Moore and Mrs. John Dodds went to Pittsburg on this morning's train.

Lovett's Boston Stars took breakfast at the Hotel Shultz this morning. They were enroute from Steubenville to Alliance.

Mrs. Hannah Leonard left yesterday for Ravenna, where she will visit her son Frank Leonard for a week, after which she will visit in Cleveland and Chicago, and later she will spend the time until the first of February at Battle Creek, Mich.

Reverend Halligan will preach on "The Precepts of the Church" on Sunday evening.

Reverend Littell has fully recovered from his recent illness, and expects to fill his pulpit both morning and evening.

JOHN MARTIN'S SECRET

Will Be at the Grand Next Wednesday. The Wills Company.

"John Martin's Secret," Sutton Vane's latest sensational melodrama, will be seen for the first time in this city at the Grand, Dec. 14. The piece was lately produced at the Star theater, New York city, by Mr. Calder. "John Martin's Secret" is written in Mr. Vane's strong, melodramatic style, but as a melodrama it has not the inconsistencies that are usually seen in this style of play. The plot is a very strong one, and the dialogue is dramatic, straight to the point, and the complications are not so numerous that it is hard for the audience to follow.

The Frank M. Wills company will be at the Grand Thursday, Friday and Saturday. Of them the Parkersburg Journal says: "The company opened a three night's engagement at the Auditorium last evening to a crowded house. "It Atlantic City" was the skit presented. It was a breezy and lively play which gave a clever company ample opportunity to introduce some really good singing and a lot of specialties. Judging from the frequent applause the performance and the performers gave good satisfaction."

NEW SOCIETY

Was Organized at the African M. E. Church Last Night.

W. L. Anderson and S. L. Tisdale, of Pittsburg, were in the city last night and organized at the African M. E. church a branch fountain of the United Order of True Reformers. The following officers were elected: President, Thomas Budgetts; vice president, Steven Williams; secretary, T. B. Brown; treasurer, Mrs. Smith.

The branch has nine members, and the object is to advance when ever possible the interests of the colored race. The organizers returned to their homes this morning.

WAS RELEASED FROM THE PEN

He Was Paroled Wednesday Evening, and a Telegram Announced His Home Coming--Hon. P. M. Ashford Was There Pushing the Case.

Alex W. Stevenson, who was sentenced to serve a term of two years in the penitentiary for forgery, was paroled Wednesday night, and will likely be here tonight.

Hon. P. M. Ashford, of Salineville, had charge of the matter and appeared for Stevenson before the board of pardons last Tuesday evening. No attorney was there to protest, and the board after discussing the matter for a short time decided unanimously to release him on parole, the order to become operative this morning.

Thomas Stevenson, the young man's father, has been notified by telegram that he will be here this evening. A letter was also received giving the details of the matter.

It is not known whether Stevenson will resume the practice of law after his return.

TWO FLATS

Were Sunk by the Shiras at Line Island.

Two flats of coal were sunk this morning at the head of Line island by the towboat George Shiras.

The boat was bringing several flats of coal to this city for the Jutte company, and had reached the head of Line island, and in attempting to go over the barges which were sunk by the Pacific recently, they met with the accident.

The Shiras came to the Broadway wharf and notified the crew of the Pacific of the mishap, and that boat immediately went to the scene, and is now trying to raise the sunken flats. If they do not prove successful dynamite will be used to clear the channel.

SAVED A CHILD.

Wonderful Recovery of an Irondale Little One.

The fame of Dr. E. F. Larkins and his wonderful system of curing disease without medicine has spread to neighboring towns, and today a representative of the NEWS REVIEW interviewed Mrs. Samuel McLain, of Irondale, who said:

"My little boy is four years old, and had not walked for three years last September, having been stricken with paralysis. I tried many physicians, and spent a great deal of money, but with no result, and had almost given up hope that he would ever walk when I heard of the miraculous cures being performed by Doctor and Mrs. E. F. Larkins. I brought my boy here a little over two months ago and he was treated by Mrs. Larkins. After the first few treatments he began to show a decided improvement, and is now able to stand alone and take a few steps, and I have no doubt his entire recovery is only the course of a few months."

Library Directors Make Some Good Moves.

THE ROOMS MAY BE ENLARGED

A Press Committee Was Appointed, and the Secretary Will Ask the Board of Education For Money—Book Committee to Prepare a List at Once.

The library directors last evening held a very interesting session.

There was a very good attendance, and the first business to be transacted was the awarding of the contract for building a new book case, as the present one is not sufficient for the number of volumes.

The secretary of the library was instructed to ask the board of education for the part of the money due the library, as it can be used to a good advantage. Messrs. Peach, Logan and Bough were appointed a press committee.

Considerable discussion ensued in regard to ways and means for enlarging and improving the library rooms, as the present quarters are too small. A committee will look after the matter, and it is probable other rooms in the same building will be secured if possible.

The book committee were instructed to prepare a list of new books for the library and submit it at the next meeting of the directors, in order that the books may be placed in the library not later than the second week in January.

BOOTES WOULD REMAIN

A Lieutenant, Junior Grade, In
Uncle Sam's Navy.

SO MR. TAYLER PRESENTED A BILL

In the House of Representatives, Authorizing the President to Give Him the Coveted Appointment—Good Thing For a Well Known Railroad Man.

The many friends of Lieutenant J. T. Bootes, of Wellsville, will be glad to learn that his prospects for remaining an officer of the United States navy are just now very bright. The story is contained in the following dispatch from Washington:

"Representative Tayler, of Ohio, today introduced a bill authorizing the President to appoint J. T. Bootes, of Wellsville, a lieutenant, junior grade, in the navy. Bootes was appointed a cadet engineer in 1881 with the understanding that if he passed his examinations successfully he should be commissioned. But after two years of sea service he was discharged under the act of 1883, changing the title of cadet engineers, and since that time he has been in the employ of the Pennsylvania company as civil engineer. When the war broke out last April he offered his services to the government, was accepted and assigned to service, and took an active part in the hostilities. Now he wants to remain in the navy permanently."

Lieutenant Bootes is among the best known civil engineers in the employ of the Cleveland and Pittsburgh, and his popularity was wonderfully increased when he resigned his position last summer and tendered his services to the government.

CARROLL CLUB WON.

The Cake Walk Was a Successful Entertainment.

The concert and cake walk given last evening at Brant's hall by the Carroll club was largely attended, and the entertainment was first class in every respect.

The cake walk between the Young Men's Christian Association and Carroll club for a handsome cake was very clever, and each of the contestants won hearty applause, the walking by George Burdley being especially fine. The contest was awarded to the Carroll Club, by the judges, Colonel Blumenthal, of Mexico; Mr. Francis, of Chicago; and Mr. Bersback, of Milwaukee.

Lesson For the Week Beginning Dec. 11.—Comment by Rev. W. J. Yates, A. M.—Topic, Walking With Christ.

Scripture Reading.—Luke xxiv. 13-29.—"While they communed together and reasoned Jesus Himself drew near and went with them."

Bishop Vincent often speaks of the Christian fellowship as a "brotherhood of Emmaus." It is one of the cheering signs of the times that there is less of acrimonious debate among the people of Christ than formerly and more of real harmony. People are not less tenacious of the truth than formerly. The search for the real nature of things is as keen as ever. Distinctions and definitions are not less exact and discriminating, but men are learning that logic is not life and that the heart of the gospel is deeper than intellectual apprehension. "The peace of God passeth understanding." Whoever possesses it knows it as loved and not as thought.

It was while the two were communing and reasoning together that Jesus joined them. No instance is cited of His aiding those who were engaged in disputing and wrangling. They were perplexed and in wonderment. Their minds were alert to discover the truth about the Crucified One. Their hearts were sorrowful because of hopes apparently crushed. They misunderstood or failed of right understanding of the way God was to save men.

In such condition the Lord enlightens the understanding by explaining His work. At the present time, in spite of the multiplication of Bibles and church services, great numbers of people, habitually attendants of religious services, have no clear apprehension of their own nature, the redemptive work of Christ, the office and power of the Holy Spirit or the right relation of men to God the Father.

Jesus explained to them the Scriptures. All genuine revivals of real piety have been preceded by close study of the word and will of God. It was so in all the Old Testament revivals under Josaphat, Hezekiah, Josiah and Nebuchadnezzar. It was the same in the apostolic age and in all subsequent times. It is so today. Deep heart piety must be based on a deep knowledge of the Bible truths.

But the matter does not end with the opening of the understanding. The heart burns! This is the deepest test of spiritual life. Are you conscious of inner fire? Does truth melt your soul and make it glow and sparkle? This is the test of truth also. No falsity can do this. No hypocrisy can attain this experience. It is genuine companionship with Jesus alone which can do it.

The result is an irrepressible desire to let the friends know the facts. The return to Jerusalem to witness is to be expected after the walk with Jesus to Emmaus. If you find it hard to work for and talk of God, join the brotherhood of Emmaus and walk with Jesus a little. Then will the heart glow and the lips open and the feet run in His service.

Companions and Comradship.

Young people have a need of companionship not fully recognized by many in older years. The social nature is developing. Childhood with its years of learning under close parental guidance has been passed. The personal powers of reason are developing. The whole nature is in process of transformation.

The need is felt for association with those of the same age. Ideas are to be interchanged, ideals compared, confidences shared and the man and woman life to emerge.

How essential for happiness and success that the right companions be found. What influence an evening walk, an hour spent in a social gathering, may have over the whole after life! More powerful than books are living words. What opportunities for good or evil lie in the attachments made in early life! Oceans may separate, business occupations may occupy attention, long years may pass, but the early friendship, if pure and generous, persists across all the distance and time. Even death itself is powerless to untwist the strands which true fellowship spins in early years around congenial souls.

Walking Together.

"How can two walk together except they be agreed?" is a very old question and must be answered now as ever in the past—it is impossible. If you are to walk with Jesus, you must keep step with Him. At this season of the year strong inducements are held out to Christians to mingle in the frivolities of worldly society.

In many churches the old time fire of revival work is no longer known or desired. If remembered, it is with a sense of shame. If mentioned, it is with a tone of apology. Fashionable entertainment, however aesthetic, can never replace the moral earnestness of the fathers. Jesus Christ came to seek and save the lost. Conversion means a changed mind and life. If you walk with Christ, you will find a cross. If you walk with the world, you will find a heartache and a lonely grave. Walk with Jesus, and the journey shall end in joy and life.

POWDER MILL EXPLOSION.

Three Men Killed and Eight Injured at Dupont Works.

WILMINGTON, Del., Dec. 10.—Three men were killed and eight injured, three of them probably fatally, by the explosion of a press mill and four grinding mills in the Hagley yard of the Dupont Powder works.

The dead are: Robert McIlhenny, about 45 years old, married, leaves a widow and four children.

John Wright, about 50 years old, married.

John Moore, 40 years old, married, leaves a widow and five children.

Of the injured men Samuel Stuart, Thomas McCann and John Mulhearn are in a serious condition.

The explosion occurred in the press-room of the Hagley, or lower yard works. A carload of powder that was being wheeled into the room was accidentally overturned, and the car wheel running into the loose powder caused a friction that set the powder a fire. The explosion quickly followed, all the powder that was in the pressroom going off in five successive detonations.

ROPE BROKE AT HANGING.

John Andersen, the Olive Pecker Murderer, Hung For Killing Saunders.

NORFOLK, Va., Dec. 10.—John Andersen, the condemned murderer of Mate Saunders of the schooner Olive Pecker, was executed in the city jail here for his crime. He marched from his cell to the scaffold unsupported and with firm step, ascending the steps without assistance. Andersen made a short speech, saying he had forgiven the men who swore his life away, and would die at peace.

When the trap was sprung Andersen's body shot downward. The rope parted just inside the knot and his body fell to the cobble stones. Officers and witnesses rushed to the body and snatched the cap from his head, to find blood oozing from mouth, nose and eyes. A doctor was called and soon Andersen opened his eyes and, it was said, began to breathe naturally. He was carried, feet foremost, up the stairs and laid down until a chair was obtained. He was placed in this, but never spoke. He was later hung.

Placed Responsibility on Architects.

DETROIT, Dec. 10.—The coroner's investigation of the cause of the collapse of the roof of the Wonderland theater, by which a dozen lives were lost, returned a verdict to the effect that too heavy a weight was placed upon the roof and placing the responsibility for the disaster upon the firm of John Scott & Co., architects of the building.

One Killed, Two Fatally Hurt.

CHICAGO, Dec. 10.—John Trozell was killed and John Kemperman and Samuel Larson were fatally injured by the falling of a scaffold in Armour & Co.'s elevator D. Twenty second and Morgan streets. Two other workmen saved themselves by catching hold of a cross-board, where they swung 60 feet in the air until rescued by their companions.

Woman's Assailant Hung.

RICHMOND, Dec. 10.—Jordan Webb, colored, who committed criminal assault upon Mrs. Lucy Bowden, an aged lady, in September last, was hanged at Courtland, Southampton county. He admitted his guilt.

We had been awfully afraid You might think We desired complete independence, When the only independence we wanted Was from Spain. You see, we're a bit scared About going off on our own hook. Because we're rather suspicious Of that chap Aguinaldo. He's too fond of being dictator. Why, to see him, you'd imagine We were all stenographers! If you had decided to make us Shift for ourselves, He would probably have forced us To replace his gold collar With one made of Manila's chief export—And we don't mean cigars or paper. However, we are rather glad Aguinaldo happened. For a people who can raise a dictator From among themselves And then get ready to sit on him Prove that they Know a thing or two About the ways of civilization. Now, don't you believe There's going to be a fuss over this thing. You won't need any experience In dealing with us. For we're about as enthusiastic Over it as you are. Aguinaldo may not want to quit. Dictators, you know, Never like to give up their jobs. But we can attend to him. And if he grows troublesome He'll think The whole of Spain has fallen on him. We're going to begin right, And we won't tolerate Any fooling. We intend to show everybody What a simple changing of flags Will do.

UNION LABELS.

It should be a deep-rooted principle of all union workmen and union sympathizers, and particularly those members of the different organizations of East Liverpool, to buy nothing but Union Label goods, in preference to all others. And why not? If we ask fair wages for our labor, why should we buy goods made at unfair wages by others? The Union Label in every industry is a guarantee of fair wages, decent working hours, and union labor employed.

PATRONIZE UNION CLERKS.

All members of the R. C. N. P. A. can show this card. Ask for it when making your purchases. Endorsed by the A. F. of L.

UNION MADE BOOTS AND SHOES.

The Boot and Shoe Workers' union is the national head of the trade, and is a new combination of all the branches of boot and shoe workers. The above trade-mark when found on the sole or lining of a boot or shoe, is a guarantee that the same is made by union labor. Look for the above design stamped in the sole of every pair of boots or shoes you buy.

CUSTOM TAILORS' LABEL.

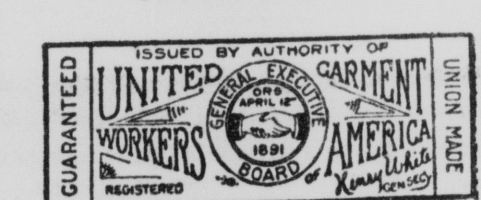

The Journeymen Tailors' Label is to be found in the inside breast pocket of the coat, on the underside of the buckle strap of the vest, and on the waistband lining of the pants. It is printed in black ink on white linen.

UNION MADE HATS.

This Label is about an inch and a half square, and is printed on buff-colored paper. It is placed on every union made hat before it leaves the workman's hands. If a dealer takes a hat from one hat and places it in another, or has any detached labels in his store, do not buy from him, as his lab is may be counterfeit, and his hats may be the product of scab or non-union labor.

UNION MADE CLOTHES.

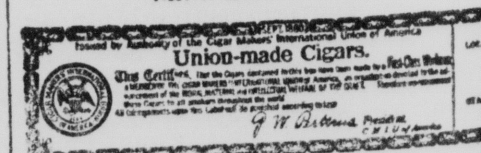

You will find the linen label attached by machine stitching to the inside breast pocket of the coat, on the inside of the buckle strap of the vest, and on the waistband lining of the pants.

BICYCLE LABEL.

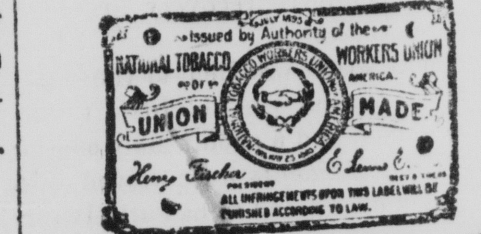

"Do unto others as ye would that others should do unto you." You will endorse the "Golden Rule" by buying and riding bicycles bearing this label. The colors are as follows: The Union shield is in red, white and blue, on a background of pea green, bordered by gold. The Label will be placed on the upper front side of the tube that receives the seat post.

PIPE LABEL CIGARS.

This label is printed in black ink on light blue paper, and is pasted on the cigarette box, as the latter is nearly of a similar color.

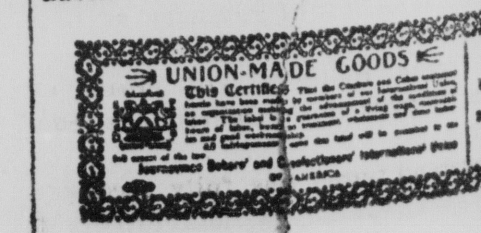

TOBACCO LABEL.

The above Label, printed on blue paper, will be found on all plug tobacco and on the wrappers of chewing tobacco manufactured in union tobacco factories.

UNION BREAD AND CRACKERS.

This is a full size facsimile of the Label of the Bakers' and Confectioners' union. It is printed on fine white paper and is pasted on each loaf of union-made bread. It is an evidence that the bread is made under fair and wholesome conditions, and in clean and healthy bakeries. Following is the confectioners' and crackers Label:
